

Kvaser Not For New Design Announcement

MÖLNDAL 2017-10-3

Dear Kvaser customer,

Thank you for your continued support for our products. This document serves as the official announcement of the *Not For New Design (NFND)* status for the products listed below, effective October 3, 2017. After 12 months from that date, products will not be guaranteed to be available, and will be subject to price increases.

See Page 2 for "What is NFND?"

Products affected

What is NFND?

Kvaser has typically adhered to an End of Life (EoL) policy to phase out old products. This meant that a product would only be available for purchase for 12 months from the EoL date.

In order to better serve our customers with longer product life cycles, we are currently shifting to a Not For New Design (NFND) strategy. As before, we will announce a 12-month warning to customers that we can no longer guarantee that the product will be in stock after that date. After the 12-month period, however, NFND products may be available on a case-by-case basis and subject to price increases.
